

Through this exhibition, we will build an efficient communication platform for Myanmar's power, new energy storage and lighting industries, while helping companies accurately connect with ???

Picking up the thread around AD 450, the exhibition explored how Myanmar's various peoples interacted with each other and the world around them, leading to new ideas and art forms. From the 14th century several kingdoms jostled for power and expanded important links with Thailand, China, Sri Lanka, and traders from the Middle East and Europe
