 The project will finance a 6MW grid connected solar power plant (measured as AC output) and 2.5MWh/5MW battery energy storage system (BESS) for solar smoothing energy storage (SSES). The system will be fully integrated and automated with the existing diesel generation

One of our most reliable and abundant energy resources is the sun, which presents an excellent advantage for solar energy. RICH Solar and Newpowa have been at the forefront of the industry for off-grid solar panel kits, setting the standard for excellence. RV and off-grid solar panels are the ultimate companion for traveling or living on or off the road and are easy to use and install.
