Our smart and sleek residential charging stations allow EV drivers to have complete control over their charging, no matter where they are. With our EV Meter Home App, available on iOS and Android, EV drivers can remotely start, stop, or schedule their charging from anywhere, monitor energy consumption, limit charging by kW, and track multiple authorized users.

In 2030, energy will need to be intelligently managed using bidirectional dynamic tariffs wrapped in loyalty programs and AI to provide EV drivers with a seamless experience when they consume energy. Nayax Energy's unique offering, which includes global payment solutions for any local market, white label energy management, a driver app
