

The Natural Energy Laboratory of Hawaii Authority (NELHA) invites your participation in the second NELHA Energy Storage Conference. This conference will bring together experts from US National Laboratories, academia, government and industry to present energy storage technologies and applications and consider opportunities and challenges. In addition to ???

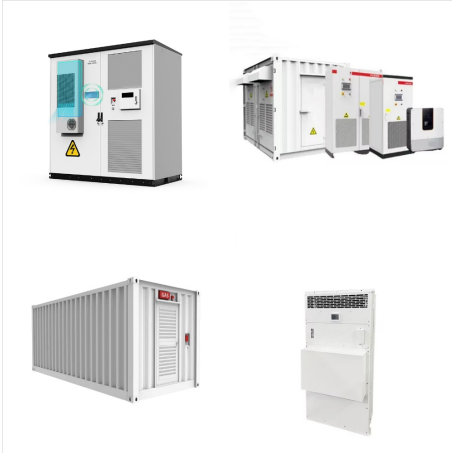

We're excited to announce that the 9th annual Energy Storage Canada Conference will take place October 8-9, 2024 - this year at a larger venue! We look forward to welcoming an increased attendance and to connecting with energy stakeholders from across the country. Energy storage technologies cover an expansive range of types and durations.

The Energy Storage Summit USA will return for the
7th year to a bigger and better venue, which will
make space for new and diverse pieces of content
across the two days. We are keen to collaborate
with speakers from all walks of life, and encourage
diversity within our program as well as our speaker
line-up.

Welcome to our Energy Storage Conference taking
place in Austin, USA. Our two day event is the place
for networking and learning amongst the entire
industry. Book Tickets. Home; Energy Storage
Summit USA 2025 will provide the perfect platform
to connect key industry players across the entire
value chain of this buzzing US market. Hosted in

NELHA ENERGY STORAGE CONFERENCE

The Energy Storage Global Conference (ESGC) is back! The conference's fifth edition will be held on 11 ??? 13 October 2022 and is organised by EASE - The European Association for Storage of Energy, with the support of the European Commission's Joint Research Centre, as a 100% hybrid event at Hotel Le Plaza in Brussels, as well as online.

NELHA ENERGY STORAGE CONFERENCE

The Natural Energy Laboratory of Hawaii Authority (NELHA) and the County of Hawaii invite your participation in the first NELHA Energy Storage Conference. The State of Hawaii is striving to reach 100% clean energy by 2045. In doing so, it is securing a position of leadership in the clean energy economy, including the use of energy storage to

Outcomes from the NELHA Energy Storage Conference's Policy and Regulatory Workshop
March 2020 JB Twitchell SF Newman RS O'Neil
MT McDonnell¹ Prepared for the U.S. Department of Energy under Contract DE-AC05-76RL01830
Pacific Northwest National Laboratory Richland, Washington 99352

The second day of the conference included visits to site demonstrations at NELHA, the inauguration of a grid scale battery, and a regulatory and policy workshop. The site visits included NELHA's energy storage test bed, its ocean thermal energy conversion (OTEC) facility, a CSP/desalination project and the H2 generation and distribution facility.
