

Who is the CEO of solarreviews?

Both Andrew Sendy, President of SolarReviews, and Lachlan Fleet, CEO of SolarReviews, have founded solar companies that are among the largest in their respective markets today. This expertise continues through the SolarReviews editorial team, which has a combined total of more than 50 years of solar industry experience.

Why SolarReviews?

Who is the best solar company in the northeast?

**LGCY Power:** LGCY Power provides one of the best guided solar consultations and offers detailed online articles covering the solar installation process. The company also partners with Sunrun, one of our picks for top solar companies. **Trinity Solar:** Trinity Solar has served the Northeast for more than 28 years.

Who are the best solar installation companies?

We selected Freedom Solar, Blue Raven Solar, and Palmetto as our top three choices for solar installation companies, with Freedom Solar getting our top vote. See how we compared these companies and other top-rated providers in our review.

Are solar panels worth the investment?

Though expensive to install, solar panels are worth the investment for most users. They offer several benefits, including long-term cost savings and increased home value. Going solar also allows you to rely less on external electricity sources and gain protection from unforeseen disruptions in the power supply.

How much does a SunPower solar panel cost?

With average project costs of around \$24,000 to \$29,000, SunPower's panels can be a bit more expensive than many competitors' products. But you certainly get significant value for your money. SunPower's 0.25% annual degradation rate starting at year two is significantly lower than almost all competitors.

Which solar panels are best?

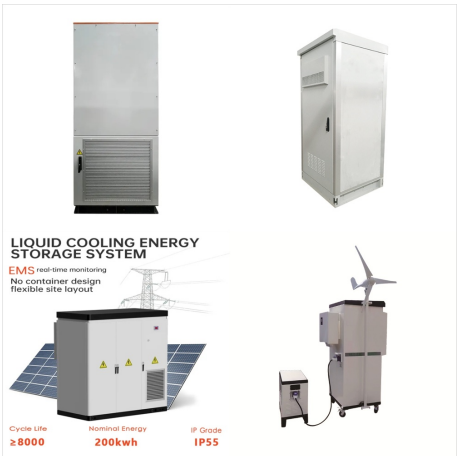

Sunlux, Project Solar and Freedom Solar Power are our top picks. If you're ready to go solar but aren't sure where to start, you're not alone. ConsumerAffairs is here to help you evaluate your choices and get the best deal on residential solar panels. We've heard from over 100,000 verified solar customers since 2018.
