Who is Masdar solar?

Our story follows Saudi Arabia's 2030 Vision, the rise of new Giga cities along the northwest coast of Saudi Arabia, and global challenges faced by the natural world, before taking us to present-day Masdar Solar, the state-of-the-art PV Solar Panels Factory.

Will Masdar solar become a major manufacturer in the MENA region?

With this project, Masdar Solar expects to become one of the most important manufacturers in the MENA region. To achieve this, Masdar Solar will cover both local and global markets from here in Tabuk. © Copyright.

What is Masdar City 10MW solar photovoltaic plant?

The Masdar City 10MW Solar Photovoltaic Plant was the first grid-connected renewable energy project in the UAEand the largest of its kind in the Middle East when inaugurated in 2009. The facility produces about 17,500 megawatt-hours of clean electricity annually and offsets 15,000 tonnes of carbon emissions per year.

Emerge, a Masdar and EDF joint venture, with SNOC, is constructing a 60MW solar PV plant at SNOC's Sajaa Gas Complex. This BOOT model project will offset 66,000 tonnes of CO2 annually, supporting the UAE's Net-Zero 2050 strategy, providing cost-effective, clean energy for Sharjah, and reducing fossil fuel dependence.
