The On-Grid version of the solarfold Container can be hooked up directly with the public power grid, and the energy it produces can be used to supply up to 40 single-family homes (3.500 kWh / year / single-family house). The solarfold On-Grid Container can also be plugged into a variety of power storage solutions.

Most of the Norfolk Island Pines that I have seen sold as houseplants typically have multiple trunks. Sometime the trunks appear to branch off from one another at the based and other seem like entirely separate plant trunks that are potted and sold in the same pot. I'm not sure why that is Norfolk Island Pine sellers' general practice, but it seems to be the trend.

Turnstar recently converted a 20 foot shipping container for the Uitkomst Mine near Newcastle, South Africa. The container was fitted with three TITAN 4 single turnstiles, each with biometric readers and breathalysers (supplied by others). Turnstar also fitted the turnstiles with the hygie-hand automatic sanitiser which dispenses an alcohol based sanitiser after the biometric reader ???
