

Who is Adani Energy Solutions Limited?

Adani Energy Solutions Limited is the largest private sector power transmission company in India with a presence across the western, northern and central regions of India.

Is Adani the world's largest green hydrogen ecosystem?

Ahmedabad, 14 June 2022. Adani, India's fastest-growing diversified business portfolio, and energy supermajor TotalEnergies of France, have entered into a new partnership to jointly create the world's largest green hydrogen ecosystem.

Does North Korea have energy security challenges?

Access to solar panels has created capacity where the state falls short, but the overall energy security challenges facing the nation are daunting. This report, "North Korea's Energy Sector," is a compilation of articles published on 38 North in 2023 that surveyed North Korea's energy production facilities and infrastructure.

The new partnership, centered on green hydrogen, is expected to transform the energy landscape both in India and globally. Both Adani and TotalEnergies are pioneers in energy transition and clean energy adoption, and this joint energy platform further strengthens the public ESG commitments made by both companies.
