Our process is seamless, supported by cutting-edge

Ballinknockane solar farm was successful in Ireland's RESS 2 auction in 2022 and will benefit from a CfD (Contract for Difference) mechanism valid until 2040. With an initially planned capacity of approximately 61 MWp, the solar farm has been upgraded to 79 MWp. The solar farm will be Neoen's first transmission-connected project in Ireland

What do you mean by solar water heater. Is it the solar panels for heating water, or does the power generated heat it using immersion elements? Reason I ask is I have a large wood boiler in my shed with a 1000l "buffer tank". Always wondered if I got solar PV panels I could set excess power to heat immersion elements for home heating.
