What is a 9U IP55 outdoor server rack enclosure?

AZE's 9U IP55 Outdoor server rack enclosure are designed to protect your sensitive network equipment from harsh environments,with waterproof and dustproof features to safeguard it from the elements,while still keeping the equipment secure outside.

What are outdoor server cabinets?

The outdoor server cabinets range provide a high quality solution for protecting your telecoms and industrial equipment from the indoor or outdoor elements,optional sizes from 12U to 42U. In addition, these can be wall-mounted, saving space and also highly affordable.

Are outdoor server cabinets waterproof?

The 19" waterproofoutdoor server racks and cabinets safeguard your sensitive electronics in outdoor environments and ensure they function smoothly and reliably. Our outdoor server cabinets are built to withstand everything,from rain and snow to dust and hot sun. They're even tough enough to resist vandalism.

What is remote accessibility in outdoor server cabinets?

Remote Accessibility Outdoor server cabinets are often designed with features that enable remote monitoring and management. This capability allows IT professionals to access and control equipment from a distance,facilitating proactive maintenance and troubleshooting without the need for physical presence.

These cabinets are suitable for both indoor and outdoor use. info@unisolcommunications +91 98800 09520 / +91 98860 03890; Home; Products. Din Rail Patch Panel.
