Artist renderings of how the planets and moons line up in our solar system inspire as they educate. Artists throughout time have been obsessed with the cosmos. With today's advanced printing techniques, everyone can have a print of some rare artwork pieces featuring our solar system.

How do you paint a solar system ring?

Overlapping each of the previously drawn solar system rings, draw each of the planets on each ring according to their size and shape. Employ a finely pointed brush and yellow paint to uniformly cover the sun. Begin this step by utilizing a fine, pointed brush to apply gray paint to Mercury and Pluto.

What are some rare art pieces based on our Solar System?

With today's advanced printing techniques, everyone can have a print of some rare artwork pieces featuring our solar system. Some of the marvels include sketches from Italian astronomer Galileo Galilei and Pablo Picasso's pen-and-ink 'Constellations,' which was inspired by gazing at the stars at night.

How do you paint a planet?

Utilize a precise, sharp brush and a deeper khaki hue to incorporate a series of curved brush strokes encircling the planet, allowing glimpses of the initial color layer to remain visible. Employ a small, soft brush and white paint to delicately introduce highlights to the planet's central region. Conclude this stage by designating it as 'Venus'.

How do you paint planets on a galaxy background?

Learn how to paint planets on a galaxy painted background with acrylics. Draw the planets with your chalk onto the dried galaxy background. Paint the first planet by whitening it out with titanium white. Wait for the white to dry. Paint a blend of white, light green permanent and black to create the eclipsed planet.

For their final Solar System Values Lesson piece, students are asked to recall the qualities they need to include in their artwork. Once completed, the teacher will splatter paint (watered down white acrylic paint) to create stars. To splatter paint, use a paint brush and tap on it, allowing the paint to randomly drip in a variety of spots.
