

Is Paladin the future of Home Power Solutions?

Paladin is the future of home power solutions. Unmatched in performance, price, installation, dependability, and looks. You can finally power every circuit in your home and your EVs with a truly off-grid power solution.

What is Paladin power TM?

Paladin Power TM is a leading residential and commercial energy storage solution (ESS). The Paladin Power TM ESS is a revolutionary technology that combines elegant design with unparalleled performance, and can power every circuit in a home so homeowners no longer have to compromise their lifestyle.

Can I buy my own Paladin power TM system?

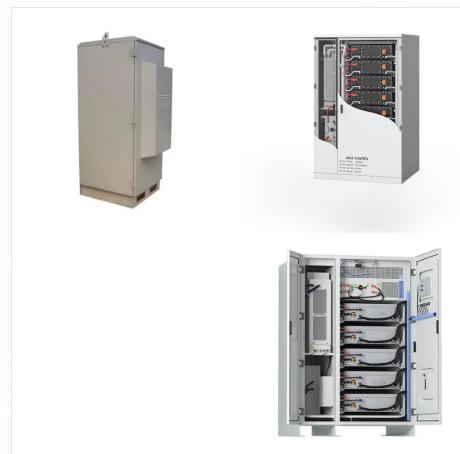

Congratulations, as an early investor in Paladin Power TM we're offering an exclusive offer to purchase your own Paladin Power TM system! Paladin Power TM manufactures an all-in-one, integrated, stackable battery and hybrid inverter backup system that runs on top of solar.

What is Paladin power ESS?

Paladin Power ESS is the answer to California's stressed-out energy grid...and that's just the beginning

Is Paladin power TM ESS safe?

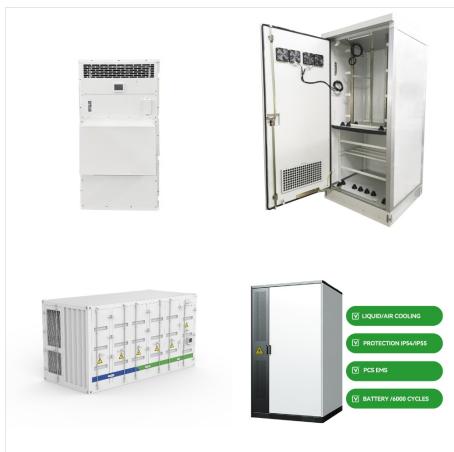

Paladin Power TM ESS is battle-tested, making it one of the safest batteries on the market. It's design takes all or most of your loads away from the grid, not just a few critical loads. Assuming your inverter capacity is sized correctly, Paladin is a complete grid replacement.

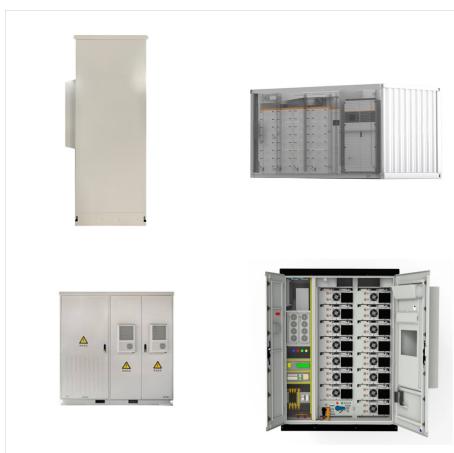

Paladin's storage system uses a revolutionary patent-pending² design that connects lithium-based batteries together without wires. This patent should give Paladin a leg up in design, as removing wires from the equation cuts down on complexity and required space, along with improving safety and reducing maintenance.

Batteries are scalable from 24 to 96 kWh with 21 KW Inverter Power; Powered by Paladin's proprietary patents that capture solar energy, store it, and use that energy in a way that's a?!

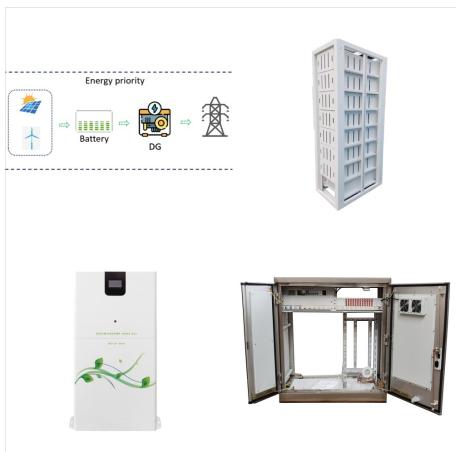

The Paladin Power TM ESS was designed to be a complete off-grid system to power all the loads in your home including A/Cs, EV charging, lights, refrigerator and more! Specifications: Inverters, batteries, charge controller, MPPT, power isolation all in one enclosure! AC / DC coupled; Factory pre-wired; No panel upgrades; Complete Off-Grid Solution

Fulbert Maillot and his partners have been developing a battery regeneration center in Saint Denis de la reunion for more than a year. They are now entering the expansion phase of the business as a second machine will be coming soon to their workshop to meet an increasing demand.

Batteries are scalable from 24 to 96 kWh with 21 KW Inverter Power; Powered by Paladin's proprietary patents that capture solar energy, store it, and use that energy in a way that's never been done before; Provide 4X the inverter power of a?

Paladin Power Inc is a technology company that has developed a new battery with more energy that connects with no wires, crimping or lugging called Stackbatt. The Stackbatt can stack more batteries in a smaller foot print, with more power.

Paladin powers your circuits on grid or off grid. This cutting-edge technology offers unsurpassed power delivery and convenience, allowing your customers to get reliable power at any time a?? even during an outage and never relying on the grid again with up to 21 KW output, 38 KW of surge, and 80 amps of output customers have enough energy to

Paladin Energy is dedicated to supporting industrial, offshore/onshore, and healthcare sectors with reliable battery backup and UPS protection solutions. Our commitment is to ensure that our clients' facilities are equipped with robust, uninterrupted power systems that keep their operations performing at peak efficiency.
