Regardless of the state to which products are shipped, because Perfect Power Systems is a California corporation doing business in California, these Terms & Conditions, and all rights and obligations hereunder, shall in all respects be interpreted, enforced and governed by and under the laws of the State of California.

Perfect Power Systems d Congratulations on selecting one of the fine products from Perfect Power, the leader in power protection technology. Our wide product offering includes UPS (Uninterruptible Power Systems), power conditioners, automatic voltage regulators and specialty transformers (e.g., computer-grade, medical-

lighting applications. When utility power fails, the Inverter provides uninterrupted output power to the emergency lighting circuits in compliance with UL924 Life Safety Code for 90 minutes of egress illumination. The Power Ride 3 is the best design solution for emergency lighting power for a wide range of commercial and industrial applications.

quality regulated and conditioned AC power to all types of lighting loads all the time. It switches to battery power with virtually zero transfer time upon an input power loss or disruption. The Power Ride 3 meets UL 924 requirements for emergency lighting system applications and provides the security of 90-minutes of battery backup power.

Perfect Power is a portfolio company of SER Capital Partners, an ESG private equity fund, focused on investment opportunities in the transitioning electric grid. And our core vision responsibility, innovation, and sustainability. Perfect Power has expertise in power generation, renewable energy and energy storage. We specialize in asset development and a?|

Perfect Power Systems is committed to designing excellence. Simply put, we don't just want to produce a great product, we want to engineer a product that will give every customer quality and service. Perfect Power Systems designs and manufactures Central Emergency Lighting Inverters from start to finish. We manufacture them at our ISO 9001

Power Ride 1 on-line // STAND-BY //fast transfer Electronic Cabinet The Power Ride 1 has met the highest standards of seismic testing. Shaker table testing is in accordance with ICC-ES-AC-156 to an SDS level of 3.0g. We also meet the requirement for CBC 2016, IBC 2015 and test criteria ICC-ES AC156. The Power Ride 1 is certified to meet HCAI

Global Monitoring System The most advanced local/remote monitoring system for Battery Backup System and Central Lighting Inverter Our Global Monitoring System keeps you informed 24 hours a day from a distance (email, text message, report) Provide SNMP to monitor UPS status & Event Log. Auto sense 10M/100M Fast Ethernet.
