

Can solar energy replace fossil fuels on Pitcairn Island?

Pitcairn's authorities have launched a renewable energy project designed to replace fossil fuels with solar energy. The goal is to replace 95% of the current diesel consumption on Pitcairn Island (75,000 liters per year) with a combination of energy saving and solar electricity through the installation of a hybrid photovoltaic solar energy system.

What is Island power solutions?

Island Power Solutions believes that everyone should have access to affordable and clean reliable power. We work in cooperation with governmental agencies, foundations, NGOs and with local businesses and communities to build a more sustainable future providing innovative renewable energy solutions. 1. Using the power of the internet to solve real-world  
problems. Then I Stumbled Upon Pitcairn Island, a  
small island in The South pacific ocean, and I  
noticed something weird. A lot of the Bussiness on  
the island are at completely random and weird  
locations. E.g. "Franks Hot Dogs", A business  
located in the middle of a freakin forest or "Sam

Why Use Powerplus Solutions? Access to information and the plethora of manufacturers for power quality solutions, both good and ordinary can be distracting for engineers, project managers and end users. Either through our core suppliers or the many specialist suppliers we have used in the past we can supply the design and solution for the job.

In 2012 we conducted an integrated ecological assessment of the marine environment of the Pitcairn Islands, which are four of the most remote islands in the world. The islands and atolls (Ducie, Henderson, Oeno, and Pitcairn) are situated in the central South Pacific, halfway between New Zealand and South America. We surveyed algae, corals, mobile ???

The Gods from the Sea: The Pitcairn Islands, a U.K. overseas territory, is made up of four island,: Pitcairn, Henderson, Oeno, and Ducie. The territory lies 4,500 kilometers (about 2,800 miles) from New Zealand, its closest landmass, making it one of the world's most remote island groups. Photograph by Tony Probst
