

Here at Pittsburgh Power, we've been rebuilding Cummins fuel pumps and injectors since 1983. Back then we bought a brand new pump machine which we are still using today. Our man Pat has been rebuilding pumps and injectors for 35 years. He came to work for us in 1985 after attending Rosedale Technical Institute for Diesel Mechanics.

We provide parts, service, diagnostics, repairs, and tuning for Commercial Diesel Trucks including Cummins, Caterpillar and Detroit Diesel. Since 1977 we continue to provide the best parts and service for diesel trucks. Our passion is improving fuel mileage, power, and reliability of every owner-operator's truck.

RESA Power Service is an accredited company that performs transformer services, preventative maintenance, power systems engineering and power system testing in the Pittsburgh region and throughout Pennsylvania and West Virginia.
