The piece notes that Plus Power has secured an excess of battery supply???6.5 GWh???to serve our projects coming online through 2025 and more. "The next year is going to be a game of musical chairs of those who have supply and those who don't," Keefe said. "Plus Power is talking with fellow developers in need."

US\$2 billion of financing for BESS by Plus Power recently . It follows a US\$100 million tax equity investment Plus Power secured from Greenprint Capital earlier this year for a 200MW/400MWh project in Texas and a mammoth US\$1.8 billion financing round for five projects including both Sierra Estrella and Superstition in October 2023.

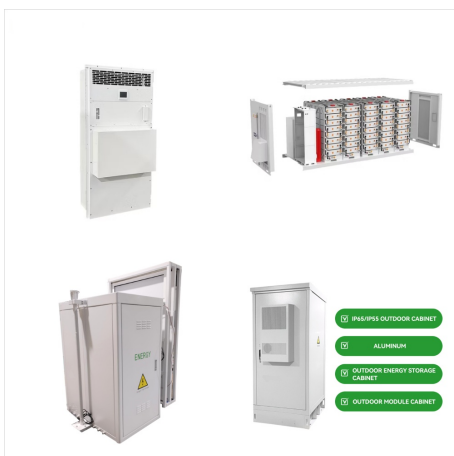

In additional comments provided to Energy-Storage.news, Keefe said: "Our announcement shows battery energy storage now achieving scale and impact. We showed we are driving energy storage into the mainstream in the capital markets. Energy storage is growing at a 23% CAGR through 2030???that is 150% of tech."
