

What is plus xnergy doing in Malaysia?

As Plus Xnergy enters its 10th year of providing solar solutions in Malaysia, we have witnessed a vast change in the renewables landscape from complex, inefficient systems of the past to modern solar setups complimented with rapidly improving technologies such as AIoT (artificial intelligence of things)

What does plus xnergy do?

Committed to reinventing energy, the group has both Plus Xnergy Services and Plus Xnergy Edge Technologies as subsidiaries, one arm to provide turnkey solar solutions and to go beyond solar, exploring battery storage, and the other arm to provide AIoT energy solutions.

What is plus xnergy edge technologies?

Plus Xnergy Edge Technologies focuses on AIoT energy performance ecosystem where users can source smart energy savings at their fingertips.

Plus Xnergy deliver green energy solutions with alternative green power resources for solar panels. As a leading solar company in Malaysia, we provide cleaner energy solar system & completed six solar farms throughout Malaysia.
