

Why did we install solar & battery storage systems on Christmas Island?

Christmas Island - home to the greatest migration of red crabs in the world, and an island that is almost all national park. We installed solar and battery storage systems at two sites on Christmas Island for Parks Australia to provide clean power to their main headquarters and research field station.

Does Christmas Island National Park have solar & battery storage?

Solar and battery storage for Christmas Island National Park. Christmas Island - home to the greatest migration of red crabs in the world, and an island that is almost all national park.

Can a portable home battery be used during a blackout?

Replace noisy, smoky generators with a silent and fume-free portable home battery solution. Unlike generators, these batteries are flexible to use both outdoors and indoors to run all your essentials during a blackout. And, with the help of solar energy, they can easily be recharged during an extended outage.

Get high-quality prints on the move with the PHOMEMO M832 Upgrade Bluetooth Portable Printer that can handle A4 paper and 8.5" x 11" US letter paper. Featuring a 2600mAh battery and 300 dpi resolution, it's perfect for all your printing needs.
