Costa Rica. A brief review of Costa Rica's solar market outlook. Costa Rica, a Central American country, has achieved impressive renewable energy capacity in recent years. In 2019, the nation's renewable energy share hit 99.15%. Looking at this renewable energy share capacity, one may assume that its solar capacity is equally impressive.

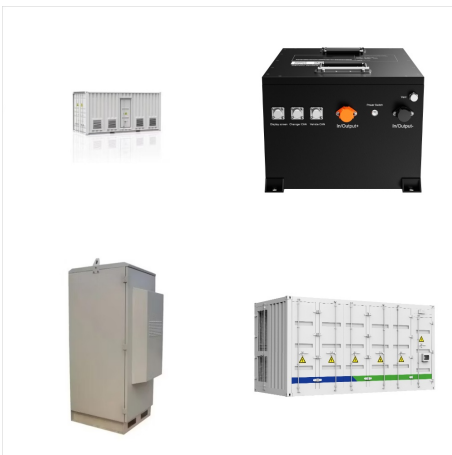

Total newb to solar here, so I'm trying to start simple. Hopefully down the line, I'll build my own systems. I have a vacation rental property in Costa Rica and often the power will just go out randomly so I'm looking to build a simple, but mostly off the shelf, backup solar system to provide internet even if the rest of the power goes off.
