POWER RECLINER BATTERY BACKUP

The Tranquil 2 Collection of power lift chair recliners puts the power of customized relaxation in your hands. It starts with size and color selection and ends with you adjusting your lift chair to achieve personalized support and comfort. Lithium battery backup ensures your recliner is operational when the power goes out; Standard fabrics

Planning your life for a power outage can raise many queries, including ??? do power recliners have battery backup. There is undoubtedly a negative answer. You can go for either of the two alternatives: a battery backup, or an alternative source of electric power. Of the two, battery backup is the cheaper, smaller, and more accessible option.

The battery pack is considered an upgrade option offered on all power furniture, excluding lift chairs. It takes one battery pack to power a recliner and two battery packs to power a loveseat, sofa, or sectional. At La-Z-Boy, a Rechargeable Lithium-Ion Battery Pack costs \$300.

POWER RECLINER BATTERY BACKUP

Additionally, some power recliners contain battery backup systems that allow limited functionality during blackouts. If your model has this feature, you may be able to utilize the battery to partially recline or upright the chair. However, don't rely solely on the battery ??? it will eventually drain, requiring the steps below.

This battery pack is designed explicitly for recliners,
providing a reliable source of power that will keep
your chair working even when the power goes out.
The pack includes two 9-volt batteries that provide
enough juice to keep most recliners running for up
to eight hours, and it also features an LED indicator
light that lets you know when

But the nice thing about having a battery pack for
your power furniture is that it gives you more
freedom to put your furniture wherever you want.
You simply charge up the battery and attach it
underneath your power recliner ??? no need for a
cord. When you use a battery pack, you're not tied
down to where a power source is.
