

Will Papua New Guinea still provide electricity during festive season?

In the last two days, our teams have been on standby and attended to and restored power supply to our customers despite the serious security threat. PNG Power Ltd would like to assure our customers and the people of Papua New Guinea that it will continue to provide electricity services across the country during this festive season.

Who is Papua New Guinea electrical company?

The company concentrated its business in the capital, supplying electrical goods to maintenance contractors, retailers and even private individuals. Products are well-outsourced and imported into Papua New Guinea from carefully selected and reputable overseas suppliers only.

v Abstract

Having reliable solar electricity is literally a matter of
life and death for the people of Mougulu, a remote
community in the foothills of Mt Bosavi in Papua
New Guinea's Western Province. Missionary Sally
Lloyd remembers a time when a critically ill child,
who was admitted to the health centre and was
relying on an oxygen concentrator

PNG Power Ltd would like to assure our customers
and the people of Papua New Guinea that it will
continue to provide electricity services across the
country during this festive season. The front-page
headline in the Post-Courier today (Friday,
December 15) portrays a misleading message to
our valued electricity consumers and stakeholders.
