

Competition kettlebells are most easily recognized by their size. Every competition bell is the same size, regardless of the weight. Also, competition kettlebells are usually made from steel. This makes them more durable than bells made of iron. How many days a week should I do kettlebells?

How many competitors are there in a kettlebell competition?

Competitions are typically 1 or 2 days held over a weekend and lifters travel to these events. A small competition may have 25 competitors and a large one may accommodate 150 or more. There are several different kettlebell sport events, or " lifts, " and (similar to Olympic weightlifting) the most common are:

Are kettlebells good for squats?

At Power Systems, we've got your kettlebells covered. Kettlebells are a fun and effective way to improve overall strength and power, and they help burn lots of calories at the same time. Exercises that use kettlebells include squats, snatches, cleans, jerks and more.

What are the benefits of kettlebells?

Kettlebells Help Improve Overall Strength, Burn Calories and Improve Performance. Kettlebells are a fun and effective way to improve overall strength and power, and they help burn lots of calories at the same time.

What exercises can you do with a kettlebell?

Exercises that use kettlebells include squats, snatches, cleans, jerks and more. They're a safe and interesting alternative to traditional strength training, and they have a strong cardio component as well.
