

What is the French version of the Prag course?

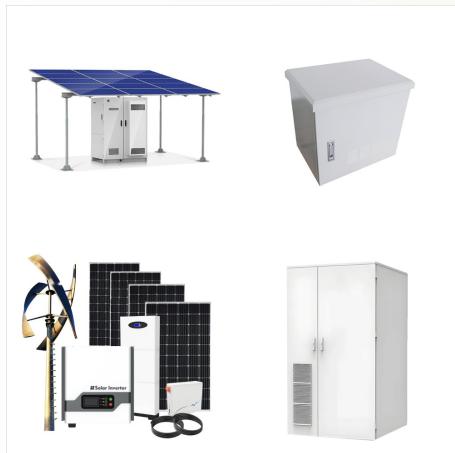

The French version of the PRAG course - "Guide pratique des procédures contractuelles dans le cadre des actions extérieures de l'UE" has been updated. The course explains the basic procedures that apply to procurement and grant contracts in the field of the European Union's external action. Have a look!

What does Prag stand for?

**DISCLAIMER** This practical guide on contract procedures for European Union external action(PRAG) provides contracting authorities, on the one hand, and tenderers, candidates, applicants and contractors, on the other hand, with practical assistance in preparing and implementing procurement and grant contracts in the field of external action.

What is esubmission in the Prag?

This edition of the PRAG incorporates changes related to eSubmission. eSubmission allows economic operators to respond electronically to procurement procedures by preparing submissions (i.e. requests to participate or tenders) and submitting them electronically in a structured and secured way.
