

What is Premier Solar Group?

The Premier Solar Group is a direct to consumer business offering distributed solar PV solutions to the Commercial and Industrial (C&I), Institutional, Agricultural, Telecom, Healthcare and Educational sectors in East Africa, Middle East and South Asia. Currently operating in Kenya, Uganda, Dubai, Sri Lanka and India.

Who is Premier energies?

Offering sustainable energy solutions for over 29 years, Premier Energies is an integrated solar cell and solar module manufacturing company. Backed by GEF Capital, a Washington DC based Private Equity Investor, Premier Energies is at the forefront of innovative technology, crafting high-tech photovoltaic products and solutions.

Will TotalEnergies build a 160-MW solar project in New Caledonia?

TotalEnergies will use its expertise in solar projects to build a 160-MW solar project, with the first phase of 30 MW expected to come online by 2023. Once this project is fully operational, it will be sufficient to meet 67% energy needs of Prony Resources New Caledonia and significantly lower carbon emissions.

Who owns New Caledonia's energy?

The energy produced will be sold via a long-term power purchase agreement to Enercal, a semi-public company majority owned by New Caledonia. A similar (but smaller) project has also been financed at the same time in Temala in the North Province. It is the first photovoltaic power plant on customary land.

What is New Caledonia's largest solar power plant?

The project involves building and operating a solar power plant with a capacity of 11.2 MWc in the South Province, in Boulouparis. The power plant, which is the largest existing solar facility in New Caledonia, comprises 43,000 panels covering 20 hectares. It was commissioned at the end of April 2017.

What is Premier energies doing in 2023?

Premier Energies honored with the prestigious Telangana State Award for Excellence in Innovation and Sustainable Energy Solutions in 2023. Premier Energies to unveil new TOPCon Cell Line by FY 2024-25. Premier Energies is soon to add a new TOPCon cell manufacturing line. The new line will start production by

PREMIER SOLAR GROUP NEW CALEDONIA

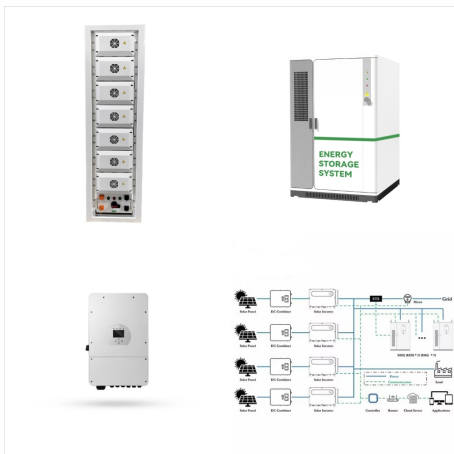

FY 2024-25.

AFD is cofinancing the largest solar power plant in New Caledonia to allow cleaner energy to be generated. 43,000 photovoltaic panels will be installed, with a capacity to produce electricity for the equivalent of 5,400 households.

Premier Solar Group is a distributor of solar PV solutions. It specializes in design, engineering, procurement, construction, commissioning and financing. The company caters to commercial and industrial, institutional, agricultural, telecom, healthcare and educational sectors

The Premier Solar Group is a direct to consumer business offering distributed solar PV solutions to the Commercial and Industrial (C& I), Institutional, Agricultural, Telecom, Healthcare and Educational sectors in East Africa, Middle East and South Asia with operations currently in Kenya, Uganda, Dubai, Sri Lanka and India.

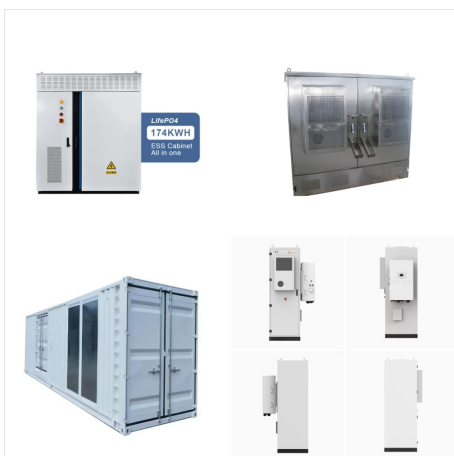

PREMIER SOLAR GROUP NEW CALEDONIA

We understand that a solar PV system is a long term investment that can require considerable upfront capital expenditure (capex). Together with our financing partners, we are able to considerably reduce, or in some cases completely eliminate, this upfront capex. Our solutions are tailor made to your requirements. Some of the options available are:

Akuo has been able to support this ramping up of New Caledonia's renewable energy issues by winning two separate calls for tender ??? 35 MW of solar and 30 MW of wind ??? located in the South Province that illustrate, through their size and location, the ???

Rupesh is the founder of the Premier Solar Group and Group CEO. He is also a Managing Director and head of Sub Saharan Africa at Faber Capital, Director at GNEG and a senior advisor at Dubai Carbon Centre of Excellence. He has been heavily involved in the renewable energy industry for the last 6 years from both a finance and development
