

Who is Sunshine solar services?

Sunshine Solar Services is a full-service solar provider based in South Florida, specializing in custom solar solutions for residential, commercial, and off-grid clients. With over 13 years of industry experience, we are proud to be recognized as the oldest known PV-only (solar electric) installation company in South Florida.

Who installs solar panels in West Palm Beach County 2024?

Go Solar Power has done it again. The West Palm Beach County 2024 Solar Co-op has selected Go Solar Power as their preferred installer. GSP was the selected installer for the 2023 Broward Co-op. Go Solar Power is a full-service solar power solutions company. We install Solar Panels, Powerwalls, Home Solar Batteries, and more.

What products does a solar power company install?

It manufactures all the products it installs: panels, batteries, inverters, EV chargers, and monitoring app. This allows its products to work together seamlessly to maximize power output and efficiency. It operates in all 50 states, though not in all ZIP codes, either with its own employees or company-certified local installers.

Should you work with a local solar installer?

As Sam Zuckerman of Maine Solar Solutions points out, one of the benefits of working with a local installer - especially one that is certified by a national solar company - is that they may be more familiar with local regulations and processes than a national installer.

When is the best time to install solar panels?

However, you're likely looking for panels to be installed on your existing house, so the second best time is after you've replaced or reinforced an old roof, as removing solar panels in order to repair a roof adds time and labor to any project.
