I don't think that is fair and have not been able to charge for more than 56V without the BMS shutting off the battery. Even the user guide that came with the battery states a max. charge voltage of 57.6V. This has been very stressful for me as a newbie, but for the price (\$284/kwh), relative to other options in Puerto Rico, I can't complain

Description Lithium battery LiFePO4 48v 500Ah 25kWh for solar system solutions. Long life guaranteed with deep cycles. Battery has built-in BMS that monitors its operation and prevents the battery from operating outside designed limitations. Battery can be easily expanded by adding more battery packs in parallel connection. 95% DOD, More than 6000 cycle times.

This lithium iron battery also includes a built-in Battery Management System (BMS) that further improves functionality and safety. We offer delivery services to the island of Puerto Rico. Select our Delivery services or Pick-up services at checkout. For more details, please visit our delivery & pick up policy here.

Vatrer deep cycle LiFePO4 battery has built-in BMS to protect it from overcharge, over-discharge, over-current, and short circuits with excellent self-discharge rate. Exclusion of Hawaii (HI), Alaska (AK), and Puerto Rico (PR) 1. We have three warehouses in GA, CHI, and CA, and we ship from the nearest stock. 2.

Lithium battery LiFePO4 48v 350Ah 17.5kWh for solar system solutions. Long life guaranteed with deep cycles. Battery has built-in BMS that monitors its operation and prevents the battery from operating outside designed limitations. Battery can be easily expanded by adding more battery packs in parallel connection. 95% DOD, More than 6000 cycle

Partner with Puerto Rico's fastest growing battery brand! Give your customers reliability, outstanding support, and help keep money in our local economy by buying local. Our battery design and BMS are compatible with all modern equipment. No need to match with specific inverter protocols. Our batteries are available for 48v and 24v systems

Show Details Built-in 200A BMS & Low Temp Cutoff: Our battery is equipped with a built-in 200A Battery Management System (BMS) and Low Temp Cutoff, ensuring optimal performance and protection against overcharge, over-discharge, and short circuits. (HI), Alaska (AK), and Puerto Rico (PR) 1. We have three warehouses in GA, CHI, and CA, and we

La baterí?a de litio LiFePO₄ de 15 kwh cuenta con una densidad de alta energí?a de 48V y un sistema de gesti?n de baterí?a que mejora la funcionalidad y la seguridad del producto. El dise?o de la baterí?a solar es perfecto para hogares y comercios y puede ampliarse conect?ndose con paquetes de baterí?as adicionales.

BMS Battery, our flagship product, is making waves in the market with its exceptional performance and unbeatable reliability. As a renowned company in the field of new energy technology, we take immense pride in our state-of-the-art factory that ensures the highest production standards.
