3 ? Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

According to unconfirmed reports in local media from November 2023, one IPP on the island, Genera PR, received PREB approval for a plan to deploy a total 430MW/1,720MWh of battery storage across nine of its thermal generation plant sites. US leader in residential batteries Puerto Rico needs to catch up at utility-scale
