

For more than 20 years, the company has been gaining ground in the renewable energy sector, becoming one of the most well-established solar panel providers in Singapore. It has also deployed projects and continues to expand globally. In-house brand of solar panels: Kamtex Solar manufactures its own brand of top quality and affordable solar panels.

Are solar panels a good investment in Singapore?

Solar panels are frequently thought of as something that only environmentalists should use. On the contrary, the financial advantages are why many individuals choose solar energy in the first place! Solar energy systems in Singapore have a minimum 25-year lifetime and are an investment that saves money on power bills. 2.

Are solar panels a good investment?

Installing solar panels offers an opportunity to maximise your savings on electricity bills. Depending on your electricity consumption and the size of your roof, you could potentially enjoy savings of up to 70% on your monthly electricity expenses! Explore our solar panel price plans for homeowners in Singapore.
