Rayco Energy is an energy service company that provides energy retrofitting services for homeowners associations and building owners. It offers solar photovoltaic, pool heating, LED lighting, building retrofitting, energy master planning, modernization upgrades, and other services. Type Private Status

Air conditioning is one of the largest electricity consumption points in Saint-Martin. Limit its use. Otherwise, set the air conditioning to a moderate temperature, taking care to close doors and windows. Setting your air conditioner to one degree higher allows you to save 10% of energy. When leaving an air-conditioned room, turn off the equipment.

Saint-Martin is located in the French Antilles. The  
 island is divided into a French part and a Dutch one.  
 The population of the French part is about 36,000.  
 An increase is observed during the tourist season  
 between November and April. The main economic  
 activity of the island is based on tourism. Power  
 supply Electricity to Saint Martin is provided by a  
 fuel power plant.
