

Does Reliant offer a solar payback plan?

If you already have solar panels, Reliant has renewable electricity plans that can help you make the most of your solar power. With the Reliant Solar Payback Plus plan, you'll receive bill credits when your solar panels generate excess energy and return it to the electric grid. 2

Is Reliant Energy a good solar provider in Texas?

Reliant Energy was once one of the best Texas electricity providers for solar homeowners due to their full-retail net metering offer. However, this has changed, and solar savings with Reliant are now lower than before. Reliant Energy's Simple Solar Sell Back plan is still one of Texas's best solar buyback plans.

What is Reliant Energy?

Reliant Energy is one of the most popular and trusted retail energy service providers in Texas, serving more than 1.5 million Texans in over 50 cities. Reliant Energy offers an exclusive electricity rate, Simple Solar Sell Back, for homeowners who install solar through Reliant's Solar Energy Experts and partnered installers.

How much does a Reliant Energy Plan cost?

The 12-month option has an ETF of \$150, while the 24-month plan has a fee of \$295. Reliant's Power Savings plans work well for customers who regularly use more than 1,000 kWh per month. You'll get a usage credit of \$50 when you exceed this level of consumption, helping you save on your energy costs.

Does Reliant give me a bill credit?

Reliant electricity plan customers who own an eligible home battery system can earn a monthly \$50 bill credit with our exclusive new program. Does Reliant give me credit for the electricity that my solar panels export to the grid? What is "excess energy"? Who can sign up for the Reliant Solar Payback Plus plan?

Does Reliant offer solar?

Explore all our solar, wind and carbon offset offerings. Reliant offers easy-to-understand solar plan options with no rooftop panels or special equipment required. If solar panels are your thing, we've got that covered, too.
