Off-grid solar systems are a popular choice in Grenada, which has abundant sunshine all year round. Off-grid solar systems are not connected to the main electricity grid, so they can provide a reliable source of power even in remote areas or during power outages.

Grenlec was awarded the "Best Distributed Generation Project" award for its recent multi-site solar photovoltaic installations in Grenada. The award was one of seven new Caribbean ???

Xerogrid specify off-grid solar PV and battery storage equipment for direct export to grenada and the caribbean. We specialise in end-to-end delivery and distribution, as well as project management and support. Contact us today to ???

Xerogrid specify off-grid solar PV and battery storage equipment for direct export to grenada and the caribbean. We specialise in end-to-end delivery and distribution, as well as project management and support. Contact us today to see how we can help you get off grid in The Caribbean and Grenada.

# ROBISON SOLAR SYSTEMS GRENADA

**Solar Photovoltaic (PV)** A solar electric system converts sunlight into electricity using solar cells. Solar panels can be mounted on rooftops or the ground, and convert particles of light energy, known as photons, into direct current (DC) electricity.

Grenlec was awarded the "Best Distributed Generation Project" award for its recent multi-site solar photovoltaic installations in Grenada. The award was one of seven new Caribbean Renewable Energy Forum (CREF) Project Awards that recognise excellence in project execution in the Caribbean.

Lightwork Power Caribbean is based in Grenada and we design and install systems that are designed with all the Caribbean considerations, codes and characteristics in mind. Quality equipment installed by our qualified electricians with zero shortcuts.
