

Where are the world's northernmost solar panels installed?

Norway has installed the world's northernmost ground solar panels in its Svalbard archipelago, despite the region being plunged into darkness from early October until mid-February every year. Norway has installed the world's northernmost ground solar panels in its Svalbard archipelago, a region plunged in round-the-clock darkness all winter.

Could a new solar project help remote Arctic communities transition to green energy?

Norway has installed the world's northernmost ground solar panels in its Svalbard archipelago, a region plunged in round-the-clock darkness all winter. The pilot project could help remote Arctic communities transition to green energy.

Where is a solar farm located in Norway?

State-owned energy company Store Norske Energi installed the solar and storage at Isfjord Radio on the island of Spitsbergen, the largest and the only permanently populated island in the archipelago, and the solar farm is expected to come online tomorrow.

Does Isfjord Radio have a solar farm?

The off-grid Isfjord Radio's new ground-mounted solar farm joins its rooftop solar, which was installed earlier this year. The ground-mounted solar farm sits at 78° north, which makes it the world's northernmost solar farm. Store Norske hasn't yet provided details on the specs of the solar panels or battery storage.

What is the world's northernmost solar farm?

The ground-mounted solar farm sits at 78° north, which makes it the world's northernmost solar farm. Store Norske hasn't yet provided details on the specs of the solar panels or battery storage. The solar and battery storage will reduce emissions at Isfjord Radio by 70%.

Why do solar panels work in Isfjord Radio?

The solar panels also benefit from the "albedo" effect, the reflective power of snow and ice, as well as low temperatures that improve their efficiency. On the flipside, the region is plunged into total darkness from early October until mid-February, which makes it impossible for Isfjord Radio to completely give up fossil
