

Who is Alectra?

Alectra's family of energy companies distributes electricity to more than one million customers in Ontario's Greater Golden Horseshoe area and provides innovative energy solutions to these and thousands more across Ontario. Please contact us for more information about Alectra and our efforts to create sustainable value in the energy sector.

What services does Alectra provide?

Alectra Energy Services Inc. provides sub-metering services (electricity, water, gas, and thermal) for condominium and commercial properties, as well as consulting, installation, operation, and maintenance of distributed energy resources. Alectra Power Services Inc. provides high voltage and street lighting services.

What makes Alectra a great energy company?

By integrating our people, processes, and systems, Alectra has emerged as one of Canada's leading energy companies, driving energy innovation while maintaining a strong balance sheet and endeavouring to deliver maximum value for our employees, customers, shareholders, and communities.

What does Alectra know about the future?

Alectra knows the future will be defined by innovation, particularly in sustainable and alternative energy technologies. In 2020, Alectra continued to generate electricity from our solar assets and implemented battery storage solutions.

Is Alectra a sustainable company?

In June 2020, Alectra was named among the top three companies in the Corporate Knights' annual sustainability ranking, moving up 30 places in just one year - a testament to the great work being done by everyone at Alectra.

Is Alectra Canada's first public utility of the year?

In July 2020, Alectra was announced as the first-ever Canadian utility to win the prestigious Public Utility of the Year award from the international Smart Electric Power Alliance (SEPA). The SEPA Power Players awards celebrate innovation and collaboration by utilities, industry partners, and individual thought-leaders.
