RYOBI RIDING LAWN MOWER LITHIUM BATTERY

Super quiet. Intuitive operation. With the RM480ex, you get all the benefits of owning a fully electric riding lawn mower without sacrificing power, performance or features. Mobile Service available in select regions. If your riding mower ???

If I were in the market now I would probably not get this mower, or any mower that uses SLA. I'd look for a mower in the \$5k range with 70+ Ah lithium capacity. Ryobi vs Ego. Looks like the Ego is \$5500 for 40 Ah, so not sure if that would cut it with me. Would be really tempted by the Ryobi Lithium version of this mower, but pricing not yet out.

When purchasing a riding lawn mower, it's important to consider the delivery. Upon arrival, the Ryobi 80V HP Brushless 42-inch Battery Riding Lawn Tractor was securely packaged in a large, partially enclosed pallet. However, getting the mower off the pallet was a ???

RYOBI RIDING LAWN MOWER LITHIUM BATTERY

So this isn't Ryobi's first rodeo with a battery-powered riding lawn mower and the design team has plenty of real-world experience to draw from. Each Ryobi 80V Lithium-ion battery pack operates at 72 nominal volts and specs out at 10Ah (amp-hours). That gives it a capacity of 720 Wh (watt-hours).

Ryobi Electric Riding Lawn Mower--->Lead Acid to Lithium Conversion . I have a Ryboi Electric riding lawn mower with a 48V 100 Ah battery system. It has lead acid batteries that have degraded quite a bit over the last 4 years. I just today installed two Battleborn 24v 50 Amp LiFe batteries in series in my Ryobi riding zero turn mower. No
