

We recommend you pay special attention to energy in the home. It may be necessary to install solar panels and/or generators to supplement the power provided by EDF. Indeed, the supplier limits its energy supply which means it cannot always cover large properties. Let's go green! All the houses in Saint-Barth?lemy have cisterns to collect

Saint Barth?lemy has about 30 hotels, almost all of which are small, and most of which are very expensive, even for the Caribbean. However, this island is known more for rental villas than hotels, and those can range from modest to mansions. It's a small island mostly catering to the super-rich so it would be a poor choice for those that
