What is an uninterruptible power supply (UPS)?

An Uninterruptible Power Supply (or UPS) does exactly that, protects your equipment if there is a power failure. In Australia we know how common blackouts and brownouts can be, especially during the summer. If you find yourself in this situation, you can expect an UPS to kick in so you can continue running at full speed.

Can a technician visit my UPS & batteries?

Our technicians can visit your UPS and batteries on a casual basis to service them. All you need to do is call our office to make a booking on (07) 3249 3188. If your UPS system has unexpectedly failed, count on Sure Power to assist in a prompt manner.
