\*How we worked out your Solar Savings. The estimated savings you can make with our Solar Savings tariff are based on a 2-3 bedroom home with a medium electricity demand of 2,700kWh (Ofgem), installing a 10 panel system with a 3.68kW inverter and a 10.5kw battery via a Good Energy package. It is estimated that you will export 20-25% of the power you generate.

Our solar panel and battery packages are also designed with ease of use and convenience in mind. SunSynk batteries allow you to remotely monitor input and output from an app. This allows you to optimise your energy usage, but it also gives you peace of mind that your system is functioning properly.

Growatt offers a wide range of inverters and solar batteries for residential, Solar Panels. Modules; Roof Integrated Modules; Inverters. String Inverters; Hybrid Inverters; Battery & Inverter Bundles. Hybrid & AC Coupled Battery Bundles . KIT CONFIGURATOR . My Favourites.
