

Who is Sako solar?

Who Is SAKO ? SAKO specializes in developing,producing,and selling power &solar products;SAKO is a specialist in off-grid solar systems and storage lithium batteries. SAKO's main products are off-grid inverters,lithium batteries,photovoltaic modules,and home energy storage systems.

What is SAKO in energy?

Guangdong SAKO New Energy Co.,Ltd,with the brand name SAKO,is the professional manufacturer engaged in research,development,sale,and service of high-quality power and solar products. SAKOis the brand name.

What products does Sako offer?

SAKO's main products are off-grid inverters,lithium batteries,photovoltaic modules,and home energy storage systems. SAKO will provide you with a full range of solar products and professionally customized solutions.
+Years Experience +Global agents +Global partners +Employees

What kind of solar inverter does Sako offer?

SAKO has developed a wide range of products,including off grid inverters,modules,and solar lithium batteries,so that you can find a complete range of solar systems at SAKO. Capacity: 500VA~100KVA Types: Off Grid Solar Inverter &Hybrid Solar Inverter Capacity: 50A~600AH (1.288KWH~500KWH) Rated Voltage: 12.8V~512VDC

Why should you choose Sako?

With 29 years of industry experience,core technologies and multiple factories,SAKO can provide you with complete energy storage systems. Because we manufacture all components of solar systems,from inverters to batteries and including PV panels,we have an advantage in terms of cost control and quality assurance.

Where is lineit & Sako based?

All warranty and service /repairs are handled by our qualified,certified and experienced staff via our head office in Kya Sand,Gauteng. Lineit and SAKO strive not only to ensure a high quality,value for money product is distributed in the South African market,but that the after sales service is continued at the same exemplary level as well.

With an unwavering commitment to sustainable energy solutions, SAKO Company is ready to make its mark in the 2023 Photovoltaic Energy Storage Exhibition. Renowned for its wide range of innovative products including solar inverters, micro inverters, lithium batteries, and energy storage systems, SAKO Company is set to showcase its ???

Welcome to a new era of energy storage solutions that are revolutionizing the way we harness and utilize solar power. In an age where efficiency and sustainability have become paramount, SAKO's groundbreaking solar energy storage solutions are changing the game for good. Gone are the days of relying solely on traditional energy sources; now, it's time ???

As the world progresses, so does the demand for energy. The traditional methods of energy production and storage are becoming increasingly outdated and inefficient. This is where SAKO's 24 volt lithium battery 200ah comes in. The 24 volt lithium battery 200ah from SAKO is a high-capacity battery that can store up to 200 amp hours of electricity.

Shenzhen King Sako Electronics .,Ltd, with brand as SAKO, was established in 2002. SAKO is the professional supplier engaged in research, development,sale and service of high quality power and off grid solar products and system solutions, with main products cover: home inverter, solar inverter, solar panel, battery, lithium battery pack, solar controller,solar water pump ???

Off-grid Solar Energy Storage Solutions. Off-grid solar energy storage solutions are suitable for areas with unstable power or lack of power. SAKO can provide you with one-stop energy storage solutions, offering different solutions according to your needs to increase power generation and reduce the cost of off-grid solar power systems while meeting your needs.
