Sunhub Verified For Bright Consumers. Our mission, however, is much bigger. We aim to create an ecosystem for all things solar, so solar professionals (installers, wholesalers, distributors and suppliers) can grow their solar businesses online, help people, businesses & communities become energy independent, and protect the environment while doing so.

Wholesale resellers sell equipment online to consumers looking to go solar. While labeled as "wholesale," these items will still typically include a markup so that the company selling the product will make a profit. It's currently not possible for consumers to purchase wholesale solar panels directly from panel manufacturers.

Like wholesale resellers, Amazon is another way to purchase solar equipment directly. Many people commonly purchase solar panel kits from Amazon that include the majority of equipment necessary for getting a solar panel system up and running (i.e., wiring, solar panels, the inverter, etc.). Most solar panel kits are best suited for smaller applications, such as an RV ???
