Samlex offers a wide range of fully automatic battery charger for the GEL/AGM and LEAD/ACID batteries as well as for the modern LiFePO4/Lithium batteries (CC/CV charging mode). With 3 different separate charging settings for Lithium batteries makes this 4-stage fully automatic battery charger unique besides the standard charging settings for other type of batteries.

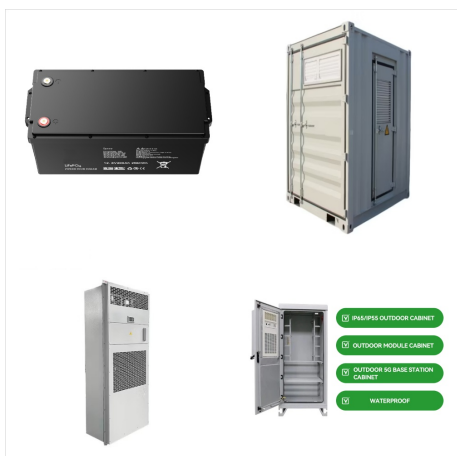

The IDC-200 series is a complete line of highly efficient 200 Watt isolated DC-DC converters suitable for applications requiring galvanic isolation between the input and the output. The IDC-200C-48 isolated DC-DC converter provides a highly regulated output DC voltage of 48 Volts for an input DC voltage range of 30-60 Volts and rated output current of 4 Amps (at 60 Volts ???

The IDC-360 series is a complete line of highly efficient 360 Watt isolated DC-DC converters suitable for applications requiring galvanic isolation between the input and the output. The IDC-360B-24 isolated DC-DC converter provides a highly regulated output DC voltage of 24.5 Volts for an input DC voltage range of 20-35 Volts and rated output current of 15 Amps (at 35 Volts input).

 Samlex ??? Powering Your Adventures, Anywhere.
 | Your complete source for commercial, industrial
 and consumer power conversion products. Samlex
 Europe has manufactured and distributed power
 conversion products & professional marine-mobile
 antennas to more than 90 countries worldwide since
 1990.

The IDC-30 is a multiple isolated DC-DC converter
 suitable for applications requiring galvanic isolation
 between the input and the output. The IDC-30 can
 be set in different output voltages between 12,5Vdc
 and 28,0Vdc, the maximum output will be 30Watts
 so between 0,8 and 3,0 Amps depending on the
 input and output voltage you have selected for the
 IDC-30.

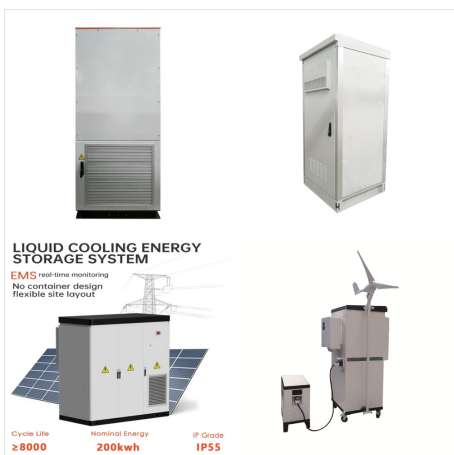

Samlex Europe is your go-to supplier for power
 conversion products in the automotive,
 communications, trucks, and marine industries. With
 our extensive range of industrial power supply units,
 we have the perfect solution to meet your specific
 power needs.

This highly efficient switch mode step-down DC-DC converter converts an input voltage of 24 VDC nominal (range 20 VDC to 35 VDC) to a highly regulated output voltage of 12 VDC nominal (13.8 VDC) at 30 Amps. The SDC-30 DC-DC converter is non-isolated (no galvanic isolation between input and output) and meant for use in negative ground systems. Features include ???

At Samlex, we provide a wide range of high-quality products designed to meet various energy conversion needs. With our commitment to innovation, reliability, and efficiency, we have established ourselves as a trusted name in the industry. Battery Chargers Our battery chargers are designed to efficiently charge your batteries, offering reliable energy solutions. View More ???

Samlex bietet eine breite Palette qualitativ hochwertiger Produkte an, die f?r die unterschiedlichsten Anforderungen an die Energieumwandlung konzipiert sind. Mit unserem Engagement f?r Innovation, Zuverl?ssigkeit und Effizienz haben wir uns als vertrauensw?rdiger Name in der Branche etabliert. Batterieladeger?te Unsere Batterieladeger?te sind so ???

Samlex believes power supply at industrial mobile sites is sometimes recreational and sometimes a pure necessity, but should always be safely and reliably available. Please contact Samlex Europe if you are looking for a specific application or customised (oEnn) products. Our specialists will be happy to offer the solution you need.
