

Who is SB Energy?

Backed by SoftBank Group and Ares Climate Infrastructure, SB Energy is made up of industry veterans with a reputation for executing renewable energy projects at scale. SB Energy is a fully integrated US renewable platform focused on utility-scale solar, storage, and AI-enabled 24/7 energy management.

What does SB Energy stand for?

REDWOOD CITY, Calif.-- (BUSINESS WIRE)--SB Energy Global LLC ("SB Energy"), a subsidiary of SoftBank Group Corp., announced today that it has placed a multi-year order for 1.5 gigawatts (GW) of First Solar's advanced, ultra-low carbon thin-film photovoltaic (PV) solar modules.

Does SB Energy have a partnership with First Solar?

This order follows SB Energy's original procurement of 1.7GW of First Solar modules for five utility-scale projects in Texas and California, which began construction in 2020, expanding SB Energy and First Solar's partnership to a cumulative 3.2GW of U.S. solar projects.

How many solar projects has SB Energy completed?

In three years, SB Energy finished development, financed, and commissioned 1.7GW of solar projects across California and Texas, with another 1.3GW coming online in the next year. The 1.7GW has created 10,000+ direct and indirect jobs and will power 330,000+ homes.

Why did SoftBank launch SB Energy?

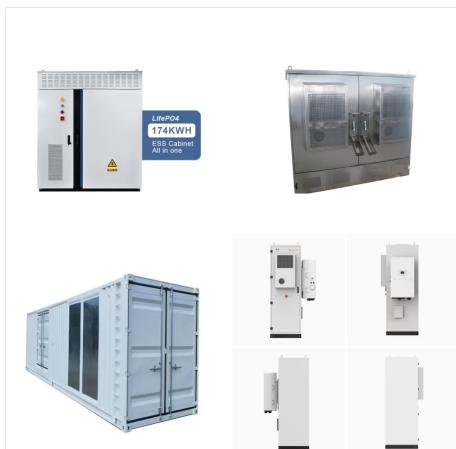

Michel Combes, CEO of SoftBank Group International, stated, "SoftBank launched SB Energy to accelerate access to reliable, cost-effective, renewable energy. Combining AI and technology with renewable deployment at scale is critical to the energy transformation and benefits people across the globe."

How many followers does SB Energy have?

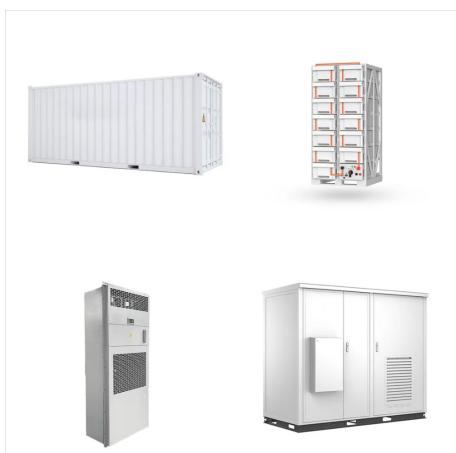

SB Energy | 44,112 followers on LinkedIn. Accelerating the global energy transition (Redwood City, CA) | SoftBank Group Chairman Masayoshi Son started SB Energy to deploy renewable energy at the scale required to combat climate change.

Solar Shine SB is your premier choice for professional solar panel cleaning services in Santa Barbara County. With a commitment to sustainability and maximizing your solar investment, we specialize in restoring the efficiency and performance of your solar energy system. Our team removes dirt, debris, and build-up from your solar panels

This order follows SB Energy's original procurement of 1.7GW of First Solar modules for five utility-scale projects in Texas and California, which began construction in 2020, expanding SB Energy and First Solar's partnership to a cumulative 3.2GW of U.S. solar projects.
