I was forced to upgrade from Windows 7 to Windows 10, and now my seagate external USB drive will get disconnected after a while. I have to restart my computer to get it to recognize it again. This is a brand new Dell computer. I''ve tried going to Power Management and turning off the USB power suspend, and also never turning off harddrives.

SEAGATE BACKUP PLUS USB POWER

Using an external USB drive with a PlayStation 5 ; Adobe FAQ ; What is a backup? Power Adapter Specifications for Seagate Products ; Downloads. Drive Icon Backup Plus Hub Drive 14TB. STEL14000400. 2-year limited warranty. Capacity: 14TB; Length: 118mm; Width: 41mm;

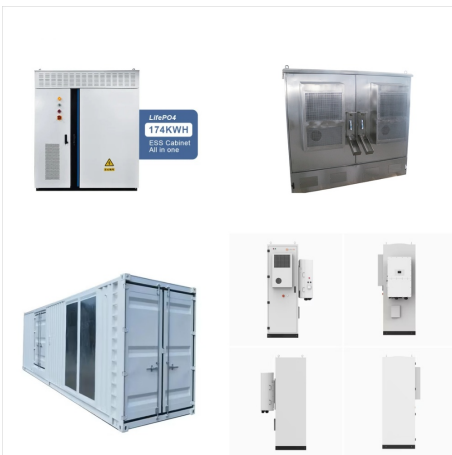

I have a 3TB Seagate Backup Plus USB 3.0 drive. I want to control the drive power options to have it turn off after a period of time, and have installed the Seagate Dashboard app just to set the power options. The dashboard app is way overkill with too many features and services running. I plan on uninstalling the dashboard app.
