

Who is Beny new energy?

BENY New Energy is a trusted manufacturer of protective components for photovoltaic systems across the globe. Our experience of working in the electrical industry for more than 30 years allows us to create solar DC components that comply with the latest DC standards.

What is ZJBENY?

ZJBENY, Zhejiang Benyi Electrical Co., Ltd., is one of the leading manufacturers of DC components and solar combiner boxes in China. They offer 1000V 1500V solar components and solutions. They were the first DC switch to be listed by UL508i in China. They are also the first DC switch manufacturer up to DC-PV2. They supply DC surge arresters and DC switches to top solar inverter companies.

What makes Beny eV Products so popular?

In recent years, BENY has attentively invested resources in research on EV-related products, successively manufacturing other types of products, thus reaping wide market popularity across the world.

Why should you choose Beny's integrated charging solution?

BENY's integrated charging solution features high protection capability, premium efficiency, and many other user-friendly innovative technologies. At BENY, we are committed to providing our customers with the highest quality products and services.
