

Why is solar energy important in Sierra Leone?

We prioritize the use of renewable energy sources such as solar power to reduce greenhouse gas emissions, mitigate climate change, and preserve natural resources. By harnessing the abundant solar energy resources available in Sierra Leone, we contribute to a cleaner, greener future for generations to come.

How many solar mini-grids are there in Sierra Leone?

There are 94 solar mini-grids in Sierra Leone, with an installed capacity of 5MW, that are being constructed under the Rural Renewable Energy Project funded by DFID. The project is expected to complete by December 2021.

Where is the 50MW Planet Solar PV project located in Sierra Leone?

The 50MW Planet Solar PV project is split in four different locations in Sierra Leone, consisting of a 12MW power plant under construction in BO/Kenema, a 4.05 MW (DC) power plant to be constructed in Port Loko, a 25MW power plant under construction in Makoth and a 10MW power plant under construction in Kono.

Why should you choose a solar mini-grid solution in Sierra Leone?

By harnessing the abundant solar energy resources available in Sierra Leone, we contribute to a cleaner, greener future for generations to come. Ready to experience the benefits of off-grid solar mini-grid solutions?

Who owns Planet Solar?

Frontier is lead developer and funder of the project, and in March 2022 Frontier Fund II became majority owner of the project company, Planet Solar Limited. Frontier Fund II is funding the project's construction equity and leading the construction oversight.

SIERRA LEONE PANEL SOLAR CELL

SiNergy SL Ltd. is an energy solutions provider focused on the design procurement installation and support of PV solar energy and battery backup solutions in Sierra Leone. As a locally developed entity we have over the years understood our environment and the specific requirements needed in deploying successful PV solutions.

Frontier is lead developer and funder of the project, and in March 2022 Frontier Fund II became majority owner of the project company, Planet Solar Limited. Frontier Fund II is funding the project's construction equity and leading the construction oversight.
