In Sierra Leone, with a rural population of over 5 million, the electrification rate accounts for less than 10% of the total inhabitants. Remote area electrification is a crucial need in sub-Saharan Africa's drive to attain universal electrification. ???

The 5 KW Solar Home or Business Installation Package by Smart Green Services! Embrace the power of the sun and make a sustainable choice for your energy needs. Our 5 KW solar installation package is designed to bring renewable energy solutions to both residential and commercial spaces.

SIERRA LEONE SOLAR AKKU 10 KW

Founded in 2019, Easy Solar - Power Solutions is a leading provider of solar energy solutions in Sierra Leone and Liberia. With over 700 kW of installed capacity, we are committed to providing world class solar and battery storage for schools, businesses, hospitals, farms and other high-impact organisations.

The system simulations showed that with a daily load of 355 kWh/day and an annual peak load of 30 kW the optimal system is a combination of 20 kW biomass gasifier, 24 batteries, and 10 kW converter.

The residential electricity price in Sierra Leone is SLL 0.000 per kWh or USD . These retail prices were collected in March 2024 and include the cost of power, distribution and transmission, and all taxes and fees. Compare Sierra Leone with 150 other countries. Historical quarterly data, along with the latest update from September 2024 are available for download.
