The technical part of the project was implemented by solar energy solutions provider Kisik. The PV system was funded by the members of the cooperative (20%) and the Government of Slovenia (20%) and through a favorable loan from Slovenia's Eco Fund (Eko Sklad). When the loan is paid off, the electricity bills will be reduced by approximately 65%

Buying a solar energy system makes you eligible for the Solar Investment Tax Credit, or ITC. In December 2020, Congress passed an extension of the ITC, which provides a 26% tax credit for systems installed in 2020-2022, and 22% for systems installed in 2023. The tax credit expires starting in 2024 unless Congress renews it. Learn more about the

If you lease a solar energy system, you are able to use the power it produces, but someone else???a third party???owns the PV system equipment. The consumer then pays to lease the equipment. Solar leases often involve limited upfront investment and fixed monthly payments over a set period of time.
