

Executive Summary. The Republic of Cyprus (ROC) seeks to expand the share of renewable energy sources (RES) in the country's energy mix. Meeting EU mandated reductions in carbon emissions will require increased investment in RES power generation, both at the commercial scale and individual building scale, and a major transformation of road transportation.

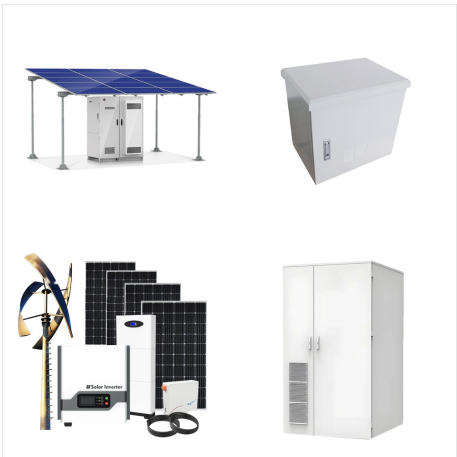

Installation in Government building/projects our company co-operates with all the well-known and reliable solar module and inverter producers over the world. In the Renewable Energy Sector, BIG SOLAR is expanding its activities in the ???
