

Before Snapchat Planets: Snapchat introduced the concept of Best Friends, indicated by heart emojis next to usernames. Introduction of Snapchat Planets: As part of the Snapchat+ subscription, the Friend Solar System feature was launched, visually representing Best Friends as planets orbiting a user's profile picture (the Sun).

One of the many fun Snapchat+ features is Friend Solar Systems that categorizes Snapchat friends based on how often they interact on the platform. In late June 2022, Snap launched a subscription service called Snapchat+ with "exclusive, experimental, and pre-release features" for subscribers. Some of the notable new features include the ability to change the ???

Snapchat Solar System: Key Takeaways. Snapchat Plus: The Snapchat Solar System is a feature of Snapchat Plus, a subscription service that offers a range of exclusive features.; Friend Ranking: The Snapchat Solar System assigns different planets to your top eight friends based on how much you interact with them. The closer the planet is to the sun (which ???

Snapchat Plus Planets are a fancy way to represent how close you are to one of your Snapchat friends. It is one of the ways to see your best friends list on Snapchat. Your top eight friends on Snapchat are assigned a planet based on how close you both are, with Mercury being the closest and Neptune being the farthest away.

How to Access Snapchat Planets. You can easily access Snapchat Planets and check friends' positions in the solar system in the application. Here's how you can do it: Step 1: First of all, make sure that you have a valid Snapchat+ subscription. If not, sign up for Snapchat Plus. Step 2: Open the Snapchat app. Swipe right from the camera tab.

This is my lens "orbit" My goal with this lens was to have a world inside the users face, but have an object travel in and out of it. Process overview: model a modified face mesh in blender; set it as an occluder; position half of a photosphere behind the head; animate asteroids using tweens! (Tweens are one of my favorite parts of LS)
