

Why did you start the Sola company?

“I started The Sola Company because I wanted to make a difference and help others achieve great health through better food choices using the knowledge I have gained. Using my culinary skills in low-carb cooking, I help create chef developed products, which are not only low-carb but also taste amazing.”

Who is Sola group?

The SOLA Group has been active in the government market, as well as in the private sector, having been awarded 245 MW of Renewable Energy Independent Power Producer Procurement Programme projects, 78 MW of commercial solar PV and 7 MWh of storage projects, respectively.

Who is the Solae Company?

As a global leader in the research and application of soy-based products, The Solae Company, based in St. Louis, MO, serves food and beverage manufacturers, dietary supplement developers, retailers and consumers in 100 countries across U.S. and Canada, Europe and the Middle East, Latin America and the Asia/Pacific region.

Who bought Sola?

The company that acquired Sola was AEA Investors, Inc., an investment firm that began to take shape after a conversation during lunch in November 1963.
