

What is solar & storage live Zurich?

We're excited to announce the launch of Solar &Storage Live Zurich! Due to the increased demand in Europe, we decided it's time to create another forward-thinking, challenging and exciting renewable energy exhibition that celebrates the technologies at the forefront of the transition to a greener, smarter, more decentralised energy system.

Is Switzerland a good place to invest in solar PV?

Switzerland still has a largely unexploited solar PV potential in already-built-up areas. An economic optimum could be reached if fewer than two out of three roofs are covered. The next step is to determine which roofs are most suitable.

What is the future of solar energy in Switzerland?

Solar PV power had the dominant share in the total renewable power installed capacity of Switzerland. This share is expected to further increase by 2030. Electricity Generation in Solar Energy market is projected to amount to 2.00bn KWh in 2023.

Why should you attend Solar & Storage?

“Solar & Storage is a highly-professional and very well organised event. It brings together industry experts, thought leaders and friends into one place. It enables us to network, educate and create many happy memories together. The event is appreciated by all who attend.” “The event is simply the best in the market for Solar, Storage and EV.
